1. INTRODUCTION

The objective of this health and safety plan is to set out safe systems of working, to prevent insofar as it is reasonably practical for the duration of this contract, any accidental occurrence or unsafe environment, which may directly or indirectly result in injury or damage to the health of any person, damage to any plant, equipment or property.

It is not intended that this Health and Safety Plan should take precedence over or negate any statutory regulation rules or bylaws, which may be in force during the course of this contract.

The Project programme dates are as follows.

- Start on site: Enter text
- Practical Completion: Enter text

1.1. Safety Policy Statement

This ‘Construction Phase Health and Safety Plan’ is to be read in conjunction with Your Company Name Health and Safety Policy Statement.

Its contents will form the basis of all safe working procedures and safety standards to be employed and maintained on this contract.

1.2. Project Overview

The project involves Enter text

2. RESTRICTIONS

2.1 Surrounding Land Uses

The surrounding area is Enter text
